The Trustees of the Public Library of Troy, New Hampshire take this opportunity to thank our librarian, Mrs. Dorothy Lagrenade, for the excellent work she has done in this her first year in that position. We know we reflect the feelings of all the citizens of the town when we say that she has made the library, not only very useful, but very pleasant as well.

We want to take this opportunity to thank those interested citizens who have contributed books and magazines to us during the year. These have proven useful, and are appreciated.

REPORT OF FIREWARDS

This year we had a total of 32 runs compared with 42 runs a year ago, and 49 runs two years ago. This reduction in the number of fires is very gratifying, and we certainly hope it will continue.

We want to take this opportunity to acknowledge with sincere gratitude the many years of faithful service which Mrs. Lula Gates has given this department in her capacity as representative of the Telephone Company. To a great extent the efficiency of the department is dependent on how fast these calls are passed through the Telephone Company's office. We are glad indeed that the new telephone representative, Miss Ruth Herk, is so interested in this part of her work, and we feel sure that this service will continue at its same high level of efficiency.

New pumping equipment has been on order for some time and should be delivered in the near future. This equipment will enable us to give better, and more complete protection for the property in town.

We want to extend to the members of the company the appreciation of everyone for their interest and coöperation.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Troy:

I herein submit my third annual report as superintendent of schools.

The American Constitution has proved itself to be—as the great statesman William H. Gladstone once said, "the most wonderful work ever struck off at a given time by the brain and purpose of man." Its fundamental purpose—"to promote the general welfare," as defined in the Preamble, makes public education for desirable purposes the most important individual, community, state and national enterprise. Now that we have plunged into the Atomic Era a higher level of universal education is imperative.

"The men and women in uniform are coming home having finished the gigantic job of making human freedom possible. Victory in the war against prejudice, greed and ignorance necessitates another great invasion in which the penalties of failure are as grave as those in military catastrophies. The knowledge, the skills and the understandings gained by our young people in the next few years will determine whether this country can or will solve the difficult social, economic and political problems that make peace possible. The implications of all of this is very clear. Now, in every land, in every language, the teachers have a key position in the most important business of all. These commandoes of the peace must be well trained and equipped if their mission of 'the general welfare' is to be accomplished."

America's future is in the school children of today. In the text of a new film—"Assignment: Tomorrow", just produced by the National Education Association, these children and the kind of adults every right thinking person wants them to become, are described as follows:

"They're scattered like millions of seeds all over a great fertile land. The stock is good and the land is rich—that should mean a bumper crop.

"A crop of good citizens—of voters who will know what they want and how to choose honest, capable leaders.

"A crop of cooperative citizens—who will get along with each other regardless of their race, creed or color.

"A crop of self-supporting citizens—who will like the American standard of living and who can all afford to have it.

"A crop of healthy citizens—who will know how to keep themselves well—who will have eating, living and playing habits that build strength and stamina.

"A crop of happy citizens—who will produce a culture that can be enjoyed.

"A crop of active productive citizens—who have learned to play the game well.

"This is the wealth of our country—a crop of Americans, at peace with the world. It can be a rich crop if it is cultivated and nourished in good schools."

The above objectives cannot be obtained without complete cooperation from the homes. The laxity of parents is undoubtedly the greatest contribution to juvenile delinquency.

A study of maladjusted pupils in schools also indicate the need for more so called extra-curricula activities in the lower grades.

The decrease in enrollment in the upper grades in the Troy schools is in pattern with the general trend. There has been a state wide decrease in high school membership of more than twenty percent since the war started. The general increased enrollment in the lower grades is also reflected in Troy.

PUPILS

The following number of promotions in respective grades were made in June 1945.

Grades	1	2	3	4	5	6	7	8	9	10	11	12
	28	24	11	21	10	18	8	17	12	9	7	15

There were 219 different pupils registered during the last school year. Thirteen pupils had been previously registered in some other district in New Hampshire. There were fifteen pupils who were not promoted.

The usual standard tests were administered to all pupils.

The following pupils were neither absent nor tardy during the entire school year 1944-1945.

Beverly Lorette	Lorraine Desmarais
Sylvia Lounder	Theresa LaPorte
Dorothy Marrotte	Beverly Nelson

Dorothy Marrotte and Sylvia Lounder were also on the honor roll for perfect attendance during the preceding school year 1943-1944.

The new faculty in September 1945 included three new members in the upper grades. The school district was fortunate in securing the services of Headmaster Russell S. Hanson, a graduate of New Hampshire University with successful teaching experience. The vacancies in the Home Economics and Junior High Departments caused by the resignation of Miss Robinson and Miss Cusano in June were promptly filled by Stella Nowicki and Madeline Lord respectively, both graduates of Keene Teachers' College.

Mr. Clinton E. Royea assumed the duties of building custodian in June 1945 to replace Mr. Pierce who now teaches shop work full time.

Baccalaureate Services were held at the Trinitarian Congregational Church Sunday, June 10, 1945. Dr. Andrew Truxal gave the Baccalaureate Address.

The reports of the Music and Health Supervisors with that of the Headmaster complete the scholastic records of this report.

Several of the activities in the schools which originated as war time projects will undoubtedly be continued because of the habits of health, thrift and citizenship which they promote, such as the school lunch program and the purchase of savings certificates.

In conclusion, I wish to thank the teachers, parents, citizens, and school officials for their continued cooperation during the last school year.

REPORT OF HEADMASTER OF TROY HIGH SCHOOL

To the Superintendent of Schools:

I herewith submit my first annual report as headmaster of Troy High School.

Improvements to the School Building

During the summer and fall months considerable work was done in improving the school building. A sound-proof ceiling and fluorescent lights were installed in the shop. This addition has greatly improved the appearance and working conditions of the room and is genuinely appreciated by both pupils and teachers.

Electrical outlets have been installed in the laboratory and office. Three-way switches have been installed in the hallways to insure safer and more economical use of the corridor lights.

Under this heading of Improvements, I wish to mention two interesting pupil projects worked out by the Shop and Home Economics classes supervised by Mr. Pierce and Miss Nowicki.

The Shop classes have converted a room, formerly a girls' cloakroom, into a neat and well lighted office. All alterations, other than the moving of the telephone and the installation of electrical fixtures, were worked out by the boys.

The Junior and Senior Home Economics classes undertook the project of reconverting the former office room into an attractive girls' room.

In both instances the work done was a practical application of the knowledge gained in their respective classes. The results have been most gratifying.

Curriculum

There have been no changes in the curriculum this year.

Latin was offered but, due to insufficient course registration, it was discontinued for the present school year.

School Lunch Program

The school lunch program is being continued this year with financial assistance from the Federal Government. At the present time an average of over 100 pupils are receiving, daily, the benefits of the hot lunch and the milk programs.

Testing Programs

A series of achievement and mental ability tests have been given to all members of the school. This testing program, when properly used, aids the staff materially in determining the strengths and weaknesses of the individual pupil. Proper emphasis may then be placed to bring about the most desirable results.

Extra-Curricular Activities

During the Fall term numerous extra-curricular activities have been carried on by the pupils.

A three-act play was sponsored by the newly formed Athletic Association. In this production, thirty-two of the forty-five pupils in the school assisted in some material way.

The staff of the school magazine "The Trojan," is preparing material for its publication in the Spring. The smaller pupil enrollment this year has necessitated the printing of only one issue to prevent an unnecessary burden on the pupils' time.

Numerous dances and school parties have been held by the various classes for the dual purpose of raising money and having an enjoyable social time.

An athletic program is being carried on with a complete schedule of basketball games for both boys' and girls' teams. Miss Phyllis Trombley of Keene Teachers' College very kindly volunteered her services as coach of the girls' team. Her work is greatly appreciated.

At this point, I should like to state that there is a very definite need for a combination auditorium-gymnasium. Such a building would aid tremendously in the development of the social and physical education of our youth. Statistics from the War Department show that we have been giving too little time in our schools to the development of strong and healthy bodies through adequate physical education under clean and healthful conditions.

A building of the type mentioned above might serve as a fitting memorial to the young men and women of Troy who served so valiantly in World War II.

In conclusion, I wish to thank all who have contributed in any way to the successful operation of the school.

Respectfully submitted,

Russell S. Hanson,
Headmaster

REPORT OF SUPERVISOR OF MUSIC

To Mr. John H. Frye, Superintendent of Schools,

Troy School District:

During the five months I have been teaching music in the grades and high school, I have endeavored to promote the students' interest, understanding, appreciation and interpretation through participation and listening in order to make for a fuller and richer life.

The technical fundamentals of music, relative to the grades thus far, have been presented, and "community singing" has been encouraged and helpful since I believe that only through active participation can true appreciation and understanding be realized.

The appreciation lessons, that have been presented during my program, included Prokofiev's "Peter and the Wolf," Saint Saens's "The Carnival of the Animals" and Tschaikovsky's "Nutcracker Suite," which the children have enjoyed very much.

To exemplify the time and efforts put into these phases of music the elementary grades presented a public Christmas program at the Town Hall, December 18, 1945, which was very well attended and enjoyed. The program included songs and recitations by the primary grades and a pageant depicting the birth of Jesus by the intermediate grades. In regard to the presentation of the pageant I would like to express here my sincere thanks and appreciation for the cooperation shown me Mr. Hanson, Mr. Pierce and the Manual Arts department, the teachers, and the parents and friends of the community.

In the high school a girls' vocal class and a boys' vocal class have been organized. During these periods the better types of vocal music are interpreted and appreciated through good tone quality, enunciation, expression, mood, and rhythm.

Students have been encouraged to attend the musical opportunities that come to Troy and Keene, and many have. Through the Fuller-Bartlett Fund committee in Keene it was my privilege to distribute several tickets for the concert presented by the Indianapolis Symphony Orchestra, January 20, 1946.

Due to the competent instruction and interest of the teachers I feel that music is vital and worthwhile in the

lives of the children of Troy. And so again, may I express my sincere thanks and appreciation for the cooperation shown me by you, Headmaster Hanson and all the teachers.

Respectfully submitted,
